Projects

A.L.F.R.E.D | **Visual Storage Intelligence** | visualstorageintelligence.com/recap-ai-hackathon-2020-semi-final/
1st place win in Visual Storage Intelligence's 1st Annual Ai Hackathon on 02, 22, 2020. Team Ai solution automated what is currently a time consuming manual report that goes out weekly to Visual Storage Intelligence clients.
- Implemented the design of the front end and built completely using jQuery, Bootstrap, HTML, CSS.
- Implemented the automated emailing system using Nodemailer, Node.js, & Express.js. Also designed and built the email template that was used to send reports to clients.

Shelve It | github.com/1Fungi99/Shelve-It | ancient-beach-76628.herokuapp.com/
A storytelling platform for amateur authors and eager readers. It consists of a digital library and the ability to search for a book using Google API. For authors, it's a free online writing site that provides the tools to publish their work.
- Implemented backend, built with MySQL and Node.js, and wrote CRUD operations.
- Implement Quill.js to use a built-in word editor and display the masterpieces how written

Taste Buds | github.com/graysonm23/Taste-Buds | graysonm23.github.io/Taste-Buds/
A web application for users who love food to easily get access to recipes, how-to videos, and restaurant locations for whichever dish they search for.
- Implemented logic to fetch data from YouTube's API.
- Implemented logic to populate the YouTube player on the DOM as well as the YouTube video player.

Experience

Premises Technician | AT&T | Dallas, Texas | June 2015 - September 2019
Repaired and installed telecom equipment for residential and business customers. Utilized critical thinking to solve problems as quickly as possible. Took advantage of interpersonal skills to handle daily face-to-face interactions.

Bank Teller | Bank of America | Dallas, Texas | January 2014 - July 2014

Handled bank transactions in a face to face environment with customers. Looked for opportunities to better serve customer needs and introduce customers to personal bankers. Simultaneously handle multiple responsibilities.

Education

Full Stack Web Development Certificate: Southern Methodist University | University Park, Texas | 2019 - 2020
Bachelor of Science in Integrative Studies: University of North Texas | Denton, Texas | (2012 - 2013) 2018 - Present
Associates in Arts: Brookhaven College: Farmers Branch, Texas | 2010 - 2012
